SEMINAR ANNOUNCEMENT

“Introduction to Blackboard”

Dr. Abdelrahman Mahdy

Department of Physics, Jazan University, Saudi Arabia

Monday, 14 Jan 2019, 12:00-12:45 PM

Blackboard is a Web-based software which features course management, customization open architecture, and salable design that allows integration with student information systems and authentication protocols. Its main purposes are to add online elements to courses traditionally delivered face-to-face and to develop completely online courses with few or no face-to-face meetings. In this seminar, I will give an introduction to show how to use App. in yours courses teaching, starting form login, load the course syllabus, announcement, make course contents available for students, and other course managements.
