

# ***SEMINAR ANNOUNCEMENT***

## **“Physics Program: considerations of quality and sustainability”**

**Dr. Mohammed Fadhali**

*Associate Professor,  
Physics Department, Jazan University*

**Monday, 18 Nov 2015, 11-12 PM, ROOM No. 2308**

This Seminar will discuss the most important issues related to the current and aimed status of Physics Department. The decrease in Physics enrollment, quality of physics outputs and the overall quality procedures will be pointed out and linked to the aimed situation through a suitable gap analysis.

The talk will also consider some aspects of quality assurance and accreditation requirements related to curriculum, teaching & learning effectiveness, facilities and other academic procedures. Emphasis will be given to the effective conceptual teaching & learning as a main component of outcome based education.

**Organized by**

**Physics Department, Faculty of Science, Jazan University**
